

Company Profile

About Us

Integrated Logistics and Mining Solutions From the Ground to Global Markets

Marang Transport Holdings is a proudly black-owned, South African company delivering comprehensive mining and logistics solutions across Southern Africa and beyond. With two specialised subsidiaries, Marang Logistics and Marang Mining, we exist to unlock value through efficient resource extraction and world-class commodity movement.

At the heart of Marang lies an integrated approach: we manage the full material lifecycle from pit to port, mine to market, and stockpile to supply chain, combining deep sector expertise with scalable assets, innovation, and data-driven performance.

Whether developing mining sites or managing national transport corridors, we prioritise operational excellence, transparency, and strategic growth.

Our services are trusted by energy producers, mining companies, traders, and governments alike. We are intentional about establishing authentic partnerships, offering customer-centric solutions, while embedding safety standards.

Located in Witbank, Mpumalanga, a thriving hub of mining and energy activity, our operations are perfectly positioned to offer clients not only service excellence but also cost efficiency through geographic convenience.

Our solutions are trusted by mining operations, energy producers, industrial clients, and traders who value accountability, visibility, and performance over promises.

WHAT DRIVES US

OUR VISION

To be Africa's leading integrated logistics and mining partner, renowned worldwide for excellence, innovation, and delivering seamless end-to-end commodity solutions.

OUR MISSION

We unlock value through innovative solutions.

OUR VALUES

RESPECT:

We treat every individual employees, clients, and partners with dignity and fairness, fostering a culture of mutual respect.

EXCELLENCE:

We pursue operational excellence through continuous improvement, ensuring top-quality service delivery.

INTEGRITY:

We act with honesty and transparency, building trust within our teams and with all stakeholders.

ACCOUNTABILITY:

We take full responsibility for our actions and results, driving reliability and trustworthiness.

COLLABORATION:

We work together as one team, valuing diverse perspectives to achieve common goals.

INNOVATION:

We embrace technology and creative problem-solving to enhance efficiency and competitive advantage.

Our Subsidiaries

MARANG LOGISTICS

Marang Logistics specialises in the haulage of dry bulk commodities using a fleet that is fit for purpose and client-driven logistics systems. With an evolving vision to move from a traditional transporter to a strategic logistics partner, we are enabling smarter, safer, and more transparent commodity supply chains.

SERVICE OFFERING

- Bulk transportation (short-, medium- and long-haul) using interlinks, PBS trucks, and flatbeds
- Route coverage from mine to Eskom, sidings, processors, warehouses, ports (Richards Bay, Durban, and more)
- Stockpile management, material handling, and load supervision
- Infrastructure maintenance, including haul roads and mine access routes
- Subcontractor fleet oversight and integrated third-party asset utilisation
- Warehousing (via rental partnerships), with long-term capacity-building potential

Our future growth is geared toward expanding into full-service 3PL and 4PL logistics, offering end-to-end visibility, digital tracking, and integrated material flow management across modes (road, rail, sea).

MARANG MINING

Marang Mining is a multidisciplinary contract mining services provider, delivering full-spectrum mining operations from equipment mobilisation to pit development and production. We operate across a range of commodities including coal, gold, manganese, and iron ore.

SERVICE OFFERING

- Contract mining with complete regulatory-compliant personnel (mining managers, engineers, doctors, safety officers, and appointed professionals)
- Open-pit mining and small-scale permit operations
- Plant and equipment hire with in-house engineering and mechanical support
- Drilling, blasting, crushing, and screening (selective and expandable)
- Mining projects scalable to 120,000 tonnes per month

Our services extend across South Africa, with the flexibility and ambition to expand into regional African markets and beyond.

OUR LEADERSHIP

Leadership at Marang Transport Holdings is driven by collective vision, shared responsibility, and active contribution. Led by CEO Thapelo Senosi, our team consists of proactive, forward-thinking leaders who are deeply involved in daily operations. We lead alongside our people, valuing every role and effort that drives us toward service excellence.

Impacting Our People, Clients & Communities

Marang Transport Holdings is a business deeply committed to economic transformation. As a black-owned, B-BBEE-compliant enterprise with over 260 employees, we actively align our operations with the National Development Plan (NDP) 2030 and the United Nations' 17 Sustainable Development Goals. We prioritise local skills development, safety standards, and inclusive growth, ensuring that we are impactful.

Marang is committed to socio-economic and enterprise development initiatives that uplift communities. We believe that long-term success depends on empowering the people around us, creating meaningful opportunities, and building resilient supply chains systems that support broader economic and social goals.

Marang Transport Holdings stands out as a reliable and ethical partner within the mining and logistics sectors. We combine sector expertise, cutting-edge technology, and unwavering commitment to safety and sustainability to deliver world-class solutions. With a unique geographic footprint, we are well-positioned to support the international market while driving inclusive growth and local economic development.
